Administrative, Marketing and Communications Expenses Total: \$1,850

Other Expenses

Line	Amount	Notes
Safety-related costs	500	Consent signage, moderation setup, risk mitigation, and other safety costs for participatory testing and voice-based interaction.

Other Expenses Total: \$500

Accessibility Expenses

Line	Amount	Notes
------	--------	-------

Line	Amount	Notes
Public Accessibility costs	2500	Captioning, transcription, plain-language materials, voice-interface testing, and accessibility consultation for multimodal public use.

Accessibility Expenses Total: \$2,500

Expense Total: \$69,000

Balance

Total Revenue	Total Expenses	Difference
\$69,000	\$69,000	\$0

Draft Positioning Notes

- This budget is for creation and development, not for a fully produced exhibition budget.
- Austria travel is framed as project research, partner development, and prototype feedback tied to Covenant, not as general festival attendance.
- If presenter or foundation support is not realistic for this application, those lines can be moved into Applicant contribution or the Canada Council request can be increased.
- If you want a more conservative version, the easiest cuts are travel, equipment rental, and some external technical fees.
